VARIOUS ARTISTS "Search for Atlantis" CD

Ltd 500 copies

The "Search for Atlantis" is a collection of Greek bands. In the past, there were several collection of Greek bands; even specialized ones with groups playing a specific style of music. However, **this collection is unique as all participating bands play solely instrumental surf**. Never before were so many bands **in Greece** to play this kind of music. We are talking about **a very vibrant scene** that is booming within the biggest economic and social catastrophe that Greece has experienced in its modern post-war history. We have created this collection with so much care both because we love surf music and for its particularity: **The vast majority of participants haven't released anything else so far** and so this is their first step towards the general public. We want this scene to flourish by all means and leave visible traces in its passing. We hope it will receive positive response as a first step to establish in the minds of the people that **surf music is an autonomous genre** with lot of potential, but also **as a reward of all the bands which strive for the best in unfavorable conditions. Surf up!**
