*"I have always been a huge fan of The Treble Spankers and since day one Phantom Frank impressed me once again with his work with The Phantom Four. Working with Niels at North Sea Surf Radio we soon discovered we have the same passion for surf music, especially the tracks exploring the boundaries of the genre by incorporating mediterranean, middle eastern and other world music influences. The Phantom Four are*

*at the top of the food chain when it comes to this approach of surf music and we are therefore delighted to add them to our roster."*

Mike Papageorgiou, Green Cookie Records

*"Working with Mike from Green Cookie Records at North Sea Surf Radio I have gotten to know him as a very knowledgeable, passionate and driven person when it comes to surf music. With the latest vinyl releases from Dirty Fuse, Les Agamemnonz, Surfer Joe, Goggle A and Los Venturas Green Cookie Records was responsible for five of the best releases in 2013 and I consider their equally impressive "Search From Atlantis" to be the best compilation this year so far. We are very delighted and proud to be part of the roster of what we consider one of the best record labels in surf music."*
